### **Seed Distribution 2018**

Seed Distribution Officer: Janet Miller

Members of The Group for Beardless Irises may purchase seed for £1.00 per packet or for 10 packets including postage :

£7 UK  
£10 Europe  
£11 Elsewhere.

Orders will be filled as they are received. Any seed in short supply will be rationed. No responsibility can be accepted for the results as seeds are received from many different sources and it is not always possible to check naming accuracy. Please note that cultivars do not come true from seed and cannot be called by the parent's name no matter how similar they may look. Vegetative propagation is the only method of acquiring a named cultivar. Seed which has been hand pollinated is marked HP. Any seed not marked HP has been Open Pollinated. D and T stand for Diploid and Tetraploid. Seed listed in **blue** is this year's seed - we can be more generous with the older seed which will still be viable.

Please order by number and retain the Seed List for reference: some seed may only be identified by the number on the seed packet. Please list substitutes if acceptable, or tick the box if you do not wish any substitutes.

# Thanks!

Very many thanks to all the Seed Donors for the time spent collecting, cleaning and sending the seed for the Seed Distribution.

Do please send any amounts of spare seed next year.
